

Penn Radiology Global Health Imaging Case Report Competition

Africa Edition

The Global Health Imaging Case Report Competition is a collaboration between the Departments of Radiology at Penn Medicine and Children's Hospital of Philadelphia. This virtual event is a platform for medical trainees in low- and middle-income African countries to present cases unique to their region, with exceptional presentations receiving financial awards. Cases submitted should include relevant medical images that can demonstrate clinical symptoms and course of disease. Submissions should also include information about the patient's story and social circumstances.

Why participate: This event will facilitate professional advancement and learning, as well as being a fun networking opportunity. Awards for presentations are as follows: 1st place: \$1000, 2nd place: \$500, People's Choice: \$250

Submission Requirements:

A 500-word abstract that includes the following:

- Name, department, institution, and country
- Name of mentor and other authors
- Brief description of the case and course of disease/treatment
- Description of available imaging studies. For example: "CT abdomen and pelvis showing a 9 cm abdominal mass"
- Unique medical and social history

Submissions should be limited to one per trainee and three per institution. Each submission requires a mentor who is a consultant physician or equivalent level of training in the same institution. All submitted abstracts will be reviewed and a subset will be selected for further consideration. Selected participants will receive further instructions to submit a complete case presentation that includes relevant images and will be invited to present their cases on the day of the conference. Award winners will be announced on the day of the conference. Appropriate patient consent should be obtained, and no patient identifier should be included in submissions.

Abstracts should be submitted by July 30th, 2021

More information on abstract submission and conference registration will be available at
<https://bit.ly/PennRadGHICC>

Presentations by selected participants will be given and judged during the conference on
September 18th, 2021.
